Expert Operator Premium Pay – Frequently Asked Questions

1. Question: I qualify for the expert operator premium, why did I not automatically receive the premium?

Answer: Pursuant to new provisions the MOU between SFMTA and TWU Local-250A, you must submit an application in order to be considered for the expert operator premium when you believe that you qualify.

You can apply at this link: <https://bit.ly/SFMTAEOP>

The application is received by ELR-Compensation Unit. If the compensation unit determines that you qualify for tier 1, 2, or 3, we will review your application for each following rolling period to ensure that you continue to qualify.

If a disqualifying event occurs at any time, you will receive a disqualification letter informing you why. Once you receive a disqualification letter, you must reapply when you believe you qualify again in order to be considered for the premium.

2. Question: I applied for the expert operator premium, why did I not receive a notice letter and why is the premium not on my timesheet?

Answer: Please see Table 1, Timeline for Expert Operator Administration/Review in Appendix A. The table includes the cutoff dates for applications during each review period, as well as the actual rolling review period that will be used to determine eligibility, the effective start date of the premium, the week notification letters will be sent, and corresponding paycheck dates.

- 3. Question:** I worked over 1,600 hours (or 1,100 hours for part-time employees) during the rolling review period. Why does my response letter say that I do not have enough hours to qualify?

Answer: The 1,600 hour eligibility requirement is based on revenue service hours (also known as driving timekeeping hours), which are tied to specific charge codes. Table 2, Driving Timekeeping Paycode Legend, in Appendix A indicates which pay codes are considered Driving Timekeeping hours.

You may also access the “Qualifying Hours Expert Operator Pay” dashboard to see how your driving hours add up, and to see which work hours count toward driving timekeeping. The Operator Portal has a link to the Qualifying Hours Expert Operator Pay dashboard. Please go to [Operator.sharepoint.com](https://operator.sharepoint.com), and the dashboard will be in the resources. You can also access the dashboard directly at <https://bit.ly/sfmtaEOPHours>. Dashboard instructions are in Appendix B. below.

- 4. Question:** I believe my revenue hours were entered incorrectly into Trapeze. How do I fix it?

Answer: The ELR-Compensation team does not have access to edit the data in Trapeze.

If you identify specific dates that were entered incorrectly, please speak with your Division Manager to fix those hours.

- 5. Question:** Why did my response letter say that I had more than 13 unscheduled absences in the 12-month review period?

Answer: Please see Table 3, Unscheduled Paycode Legend in Appendix A to see which codes count toward unscheduled absences. Per the MOU provisions, bereavement and jury duty will not count against you.

- 6. Question:** What date is used for preventable incidents to start the “rolling year” of disqualification?

Answer: The date used is the date that the incident is determined to be preventable (i.e., the determination date). Beginning in April 2023, disqualification letters will include the determination date of preventable incidents.

Appendix B – Using the Dashboard to Track Expert Qualifications

Logging into Transtat (transtat.sfmta.com)

1. You can access the EOP Qualifying Hours Dashboard through Transtat, or use this link to go there directly <https://bit.ly/sfmtaEOPHours>
 - a. You can log into Transtat anywhere, you do not need to be on an SFMTA computer or in the SFMTA network.
2. **Username** is your network username (not your email address). This is most likely the first letter of your first name and your last name (Example: John Smith = jsmith). However, if you have common initials, there may be a number in your network username, too (Example: John Smith = jsmith5). If you're not sure what your network username is, you can find it out the following ways:

- a. If you're on a computer in the SFMTA network, check the Windows folder C:\Users
- b. Email the SFMTA Service Desk at sfmta.servicedesk@sfmta.com to request your network username
3. **Password** will be the same as your SFMTA email password.
4. Click on the graphic for Paycodes Legend to see the paycodes that qualify.
